Questionnaire for CCM Crew post work at Skalbekken County Park

What did you learn throughout the project at Skalbekken County Park?

I learned alot about myself and my ability and that I can do so much if I put my mind to it.

What did you learned from each other?

I learned that through teamwork and cooperation, we can do alot in a short amount of time no matter what personalities we have.

What was your favorite part of the project?

My favorite part of the project was learning about how to make concrete and all the fun activities we did after work and on the weekends.

Was the design package provided by CCL helpful throughout the work weeks?

YES!! The design package was very helpful and was also really neat to learn about.

Did you reference the drawings when questions arose on the site?

For the most part, we followed the reference drawings. We also used Bob and Barry to answer questions.

Was it easy to understand/read the plan drawings?

Parts of it took some explaining to do for me to understand, but it was definitely helpful.

Did the final site work results meet your expectations?

It exceeded my expectations. I never would have guessed that my work would look so good and be so permanent.

Would you do anything different?

I would place the third bench in a place not covered by a tree. Other than that, I would do it the same.

Would you like to participate in a similar project in the future?

YES!!!! :}
Questionnaire for CCM Crew post work at Skalbekken County Park

What did you learn throughout the project at Skalbekken County Park?
I learned the value of teamwork and the strategic way of step by step working.
I also learned about southwest/south east Minnesota.

What did you learn from each other?
I learned to be patient. I'm a "get it done now" kind of person but with a project this big you have to depend on other people so the process might be a little slower but rewarding.

What was your favorite part of the project?
- Cement & Concrete mixing
- Putting in new trails.
- Planting.
- Painting.

Was the design package provided by CCL helpful throughout the work weeks?
Yes it was! It set a boundary that helped us work as a group to meet those boundaries. It also helped us work step by step to finish everything.

Did you reference the drawings when questions arose on the site?
Yes. When putting benches and cement we referred to the drawings, also when trenching and putting down granite we also referred to the model.

Was it easy to understand/read the plan drawings?
Yes it was. Everything was laid out perfectly & clearly enough to understand.

Did the final site work results meet your expectations?
It did meet my expectation but I would like to see it when it flourishes into something great 10 years from now.

Would you do anything different?
The pace was a little slow for me but I would not change that because people work at different paces.

Would you like to participate in a similar project in the future?
Oh yes I would!😊
Questionnaire for CCM Crew post work at Skalbekken County Park

What did you learn throughout the project at Skalbekken County Park?

I learned how to work with cement and to see how trails and other things are built step-by-step.

What did you learn from each other?

I learned to rely on my other crew members and that I didn't have to do things all by myself.

What was your favorite part of the project?

I enjoyed all the hard work we did and then being able to look back at the work we finished.

Was the design package provided by CCL helpful throughout the work weeks?

Yes, it helped us stay on task and we knew what to do next.

Did you reference the drawings when questions arose on the site?

Yes.

Was it easy to understand/read the plan drawings?

Yes.

Would you like to participate in a similar project in the future?

Most definitely.
Questionnaire for CCM Crew post work at Skalbekken County Park

What did you learn throughout the project at Skalbekken County Park?
I learned a lot about this area of Minnesota and how it was formed. Also, I learned a lot about the community and who will be using this park. I've learned about people's limits and how to delegate and work as a team.

What was your favorite part of the project?
My favorite part of this project was assembling benches and painting them. Horse back riding and the play were also favorites.

Was the design package provided by CCL helpful throughout the work weeks?
Yes very!

Did you reference the drawings when questions arose on the site?
Yes, it was very helpful to have a reference for questions about the trail and assembling benches.

Was it easy to understand/read the plan drawings?
Yes.

Did the final site work results meet your expectations?
Yes

Would you do anything different?
Perhaps a little more clear communication.

Would you like to participate in a similar project in the future?
I would love to!
Questionnaire for CCM Crew post work at Skalbekken County Park

What did you learn throughout the project at Skalbekken County Park?

I learned the importance of having things in a schedule in order to complete them on a time schedule.

What did you learn from each other?

I learned how important it is to have clear organized instructions, so that everybody is on the same page.

What was your favorite part of the project?

My favorite part was seeing the youth take pride in their work, which was only possible since the work was very realistic and obtainable.

Was the design package provided by CCL helpful throughout the work weeks?

It was very helpful since it contained everything from a chore list to the designs of the benches to the overall master plan.

Did you reference the drawings when questions arose on the site?

Yes, quite frequently.

Was it easy to understand/read the plan drawings?

Yes, but I've had experience using GIS images and view plans here.

Did the final site work results meet your expectations?

Yes, it is very beautiful and functional.

Would you do anything different?

Not in particular, however, I noticed that communication between all the sponsors was a little lacking, but nothing serious.

Would you like to participate in a similar project in the future?

Very much so.
